

**Executive Summary**

Council Priorities..... ES-1  
 Community Advice and Comment ..... ES-2  
 Long Range Needs and 2022 Realities ..... ES-3  
 Concurrency Management System..... ES-3  
 Integrated Multimodal Plan ..... ES-3  
 Regional Transportation ..... ES-3  
 Action Orientation ..... ES-4  
 Performance Monitoring and Accountability..... ES-4

**Chapter 1. Introduction..... 1-1**

**Chapter 2. Vision, Framework and Policies**

Vision ..... 2-1  
 Introduction..... 2-2  
 A. The Transportation System ..... 2-2  
     o Concurrency and Level-of-Service ..... 2-3  
     o Plan-Based Approach and the Level-of-Service Standard..... 2-3  
     o Concurrency Management - Expanding Travel Choices..... 2-3  
     o Maintaining Community Character ..... 2-3  
     o Ensuring Accountability ..... 2-3  
     o Interim Transportation Level-of-Service Standards..... 2-4  
 B. Transportation Master Plan ..... 2-4  
     o The Transportation Master Plan ..... 2-4  
     o Transportation Programs and Facilities..... 2-4  
     o Financial Program..... 2-5  
     o Streets ..... 2-5  
     o Public Transportation ..... 2-6  
     o The Transit Plan..... 2-6  
     o Local Redmond, Eastside and Regional Transit Service ..... 2-6  
     o High Capacity Transit..... 2-7  
 C. Pedestrian and Bicycle Transportation..... 2-7  
     o The Pedestrian Plan ..... 2-7  
     o The Bicycle Plan..... 2-8  
     o A System of Bicycle and Pedestrian Facilities ..... 2-8  
     o Neighborhood Traffic Calming ..... 2-8  
 D. Transportation Demand Management ..... 2-9  
 E. Parking Management ..... 2-9  
 F. The Eastside and Regional Transportation ..... 2-10  
     o Transportation and Interlocal Agreements with Other Jurisdictions..... 2-10  
     o Eastside Transportation Partnership ..... 2-10  
     o State Highways ..... 2-10  
     o Air Quality..... 2-10

**Chapter 3. Trends & Conditions**

Understanding Mobility..... 3-1  
 Recent Community Travel Trends ..... 3-3  
 Community Travel Forecasts ..... 3-10

**Chapter 4. Transportation Element Objectives and Standards**

The Washington Growth Management Act (GMA) ..... 4-1  
 Washington State Regulations Related to Transportation Concurrency ..... 4-1

# TABLE OF CONTENTS

- Level of Service ..... 4-1
- Concurrency Management Plan ..... 4-2
- PSRC Standards - State Highways of Regional Significance ..... 4-2
- King County Countywide Planning Policies ..... 4-2
- City of Redmond Transportation Objectives ..... 4-2
- Plan-Based System of Concurrency Management ..... 4-2
- Transportation Objectives ..... 4-3
  - Multimodal Level of Service Standards ..... 4-3
    - A. Traffic Volume and Roadway Capacity ..... 4-3
    - B. Regional Transit Travel Time ..... 4-6
    - C. Local Transit Connectivity ..... 4-7
    - D. Bicycle System Implementation ..... 4-8
    - E. Pedestrian Environment Adequacy ..... 4-10
  - Mode Share Objectives ..... 4-11
    - A. CTR Commute Mode Share ..... 4-11
    - B. All Day Redmond Resident Mode Share ..... 4-11
  - Travel Safety Objectives ..... 4-12

## Chapter 5. Transportation Mode Plans

### 5A. Pedestrian Program Plan

- Classifying Walking Environments ..... 5A-1
  - Pedestrian Places ..... 5A-1
  - Pedestrian Supportive environments and pedestrian promenades ..... 5A-1
  - Pedestrian Tolerant environments ..... 5A-2
  - Pedestrian Intolerant environments ..... 5A-2
- Components of the Pedestrian Environment ..... 5A-2
  - Roadway Corridor ..... 5A-2
  - Pedestrian Realm ..... 5A-2
  - Adjacent Land Use ..... 5A-3
- Details that Influence Pedestrian Friendliness ..... 5A-3
- Implementation ..... 5A-7
- Sidewalk Guidelines ..... 5A-9
- Crossing Guidelines ..... 5A-12
- Pedestrian Plan Map ..... 5A-15

### 5B. Bicycle System Plan

- Types of Bicyclists ..... 5B-1
- Bicycle Facility Planning in Redmond ..... 5B-2
- Implementation ..... 5B-4
- Prioritizing Needs ..... 5B-5
  - Missing Links ..... 5B-6
  - Making Seamless Transitions ..... 5B-7
- Education, Encouragement, Enforcement ..... 5B-8
- Secure Bicycle Parking ..... 5B-9
- Bicycle Plan Maps ..... 5B-10

### 5C. Transit System Plan

- Importance of Public Transportation ..... 5C-1
- Existing Transit Services ..... 5C-1
  - Local ..... 5C-2
  - Regional ..... 5C-2
  - Express Regional ..... 5C-2
- Connecting Redmond Locally ..... 5C-7
  - The Need for Local Connections ..... 5C-7

# TABLE OF CONTENTS

- o Identifying Local Connections..... 5C-7
- o Strategy for Local Connections ..... 5C-7
- Connecting Redmond Regionally..... 5C-11
  - o The Need for Regional Connections..... 5C-11
  - o Current Planning Efforts ..... 5C-11
  - o HCT in Redmond ..... 5C-13
  - o Interim Strategy for Regional Connections..... 5C-14
- Implementation ..... 5C-16
- Regional Connections Plan Map..... 5C-17

## 5D. Thoroughfare Plan

- Introduction..... 5D-1
- Motor Vehicle Traffic Trends..... 5D-2
- Traffic Volume and Growth ..... 5D-2
- Pass-through Traffic ..... 5D-4
- Functional Classification System ..... 5D-5
  - o Freeway ..... 5D-5
  - o Principal Arterial..... 5D-6
  - o Minor Arterial..... 5D-6
  - o Collector Arterial ..... 5D-6
  - o Connector ..... 5D-7
  - o Local Street..... 5D-7
  - o Street Design Standards..... 5D-8
- New Connections and Corridors..... 5D-13
- Implementation ..... 5D-15

## 5E. Modal Integration: Access and Circulation

- What are Multimodal Corridors? ..... 5E-1
- Criteria defining Multimodal Corridors ..... 5E-2
  - o Bicycle..... 5E-2
  - o Pedestrian..... 5E-2
  - o Transit ..... 5E-3
  - o Motor Vehicle..... 5E-3
- Implementation ..... 5E-4
- How do we Create Multimodal Corridors? ..... 5E-4
- Corridor Details ..... 5E-4
  - o Integrated vs. Separated..... 5E-5
  - o Bicycle Alternatives ..... 5E-5
  - o Multimodal Intersection Design..... 5E-5
- Recommendations for Redmond’s Multimodal Corridors ..... 5E-6
- Multimodal Corridor Map..... 5E-13

## 5F. Demand Management

- Understanding Demand Management ..... 5F-1
- Transportation Demand Management in Redmond ..... 5F-1
- Transportation Management Programs ..... 5F-2
- Existing TDM Infrastructure, Services and Programs ..... 5F-2
- Programs and Supporting Services..... 5F-3
- Implementation ..... 5F-4

## Chapter 6. Transportation Facilities Plan

- Introduction..... 6-1
- Forecasts of Revenue ..... 6-2
- Revenue Sources ..... 6-2
- Project Cost Estimates ..... 6-4

# TABLE OF CONTENTS

Project and Program Prioritization.....	6-4
2005 - 2022 TFP Project List .....	6-6
2022 Transportation Facility Plan Map .....	6-11

## Chapter 7. Performance Monitoring System

Introduction.....	7-1
Annual Mobility Report Card .....	7-1
o Tracking Measures .....	7-3
o Level of Service Objectives .....	7-9
o Other Objectives .....	7-17
o Concurrency Determination .....	7-19
Five Year Transportation Status Report .....	7-21
o Tracking Measures .....	7-21
o Level of Service Objectives .....	7-21
o Other Objectives .....	7-22
o Concurrency Determination .....	7-22

## Chapter 8. Regional Transportation

Introduction.....	8-1
Redmond Streets in the Regional Transportation Network.....	8-2
Redmond and Regional Transportation Policymaking .....	8-3
o I-405.....	8-3
o SR520 .....	8-3
o Growth in Eastern King County .....	8-3
o High Capacity Transit Network.....	8-4
o Metro Transit Services.....	8-5
o Bicycle System.....	8-5
o Other Topics .....	8-5

## Chapter 9. Three-Year Priority Action Plan

Introduction.....	9-1
1. Ordinances and Council Actions .....	9-1
2. Studies and Plans .....	9-2
3. Project Development .....	9-3
4. Major Construction Projects .....	9-3
5. Projects by Others.....	9-3
Action Plan Schedule .....	9-4

## Appendices

Buildout Transportation Facilities Plan.....	A1-1
Glossary.....	A2-1

**Executive Summary**

## 5. Modal Elements

### 5A. Pedestrian Program Plan

Figure 5A.1 Everyone in Redmond is a pedestrian for a portion of all trips ..... 1  
 Figure 5A.2 Components Influencing the Pedestrian Environment ..... 3  
 Figure 5A.3 Levels of Pedestrian Friendliness ..... 4  
 Figure 5A.4a Criteria for sidewalk width and placement ..... 10  
 Figure 5A.4b Criteria for sidewalk width and placement in Mixed-Use Activity Centers ..... 11  
 Figure 5A.5 Preferred curb ramp treatments for enhanced pedestrian safety ..... 13  
 Figure 5A.6 Criteria for pedestrian crossing treatments ..... 14  
 Figure 5A.7 Map of Hierarchy of Pedestrian Environments ..... 15

### 5B. Bicycle System Plan

Figure 5B.1 Redmond has various types of bicyclists who desire various levels of bicycle accommodation ..... 1  
 Figure 5B.2 Summary of Redmond’s definitions for trails and bikeways ..... 2  
 Figure 5B.3 Role of trails and bikeways in establishing Primary and Secondary Bicycling Corridors ..... 3  
 Figure 5B.4 Selection and Planning Criteria for Primary and Secondary Bicycling Corridors ..... 5  
 Figure 5B.5 Missing Links as depicted in Figure 5B.10 ..... 6  
 Figure 5B.6 Needed connections as identified by the Bicycle and Pedestrian Advisory Committee ..... 7  
 Figure 5B.7 Traffic calming technique of narrowing vehicular lanes and coloring pavement for bicycling and/or parking along pedestrian-oriented streets ..... 8  
 Figure 5B.8x Secure bicycle parking that is protected from weather is necessary where parking occurs all day or overnight ..... 9  
 Figure 5B.9xBulbouts at intersections in downtown are secure and visible locations for bicycle parking ..... 9  
 Figure 5B.10xBicycle parking that secures the frame, not just the wheels, will be installed in all locations. .... 9  
 Figure 5B.11 Guide for bicycle maps in TMP ..... 10  
 Figure 5B.9 Map of Existing and Planned Bicycle Facilities ..... 11  
 Figure 5B.10 Map of Primary and Secondary Bicycle Corridors ..... 12  
 “x” indicates new figure added. Will be updated in next submittal.

### 5C. Transit System Plan

Figure 5C.1 Sound Transit 545 provides an important regional connection from Redmond to downtown Seattle ..... 1  
 Figure 5C.2 Local transit routed detail ..... 2  
 Figure 5C.3 Metro provides local service in Redmond and connects to regional destinations while Sound Transit provides express connection to regional destinations ..... 2  
 Figure 5C.4 Regional transit route detail ..... 3  
 Figure 5C.5 Regional express transit routes detail ..... 3  
 Figure 5C.6 Redmond transit routes ..... 5  
 Figure 5C.7 Local Transit Destinations by TMD ..... 8
